Testimony in opposition of HB88

"AN ACT ALLOWING FOR YOUTH ELECTION JUDGES

Chairman Ingraham and members of the committee, my name is Roger Nummerdor and I am here in opposition to HB88. I live in Helena and serve as an election judge for the county, which I feel is my civic duty. During the Election Day process it is important that the process follows the law, and I personally do not feel it is a place to teach Civics' class. Let's leave that to the School Districts or to the Montana American Legion, who sponsors both American Legion Girls State & Boys State each year to teach government and civics.

Voting and the process by which we assure the vote is correct and not fraudulent is an adult activity that should be run by legal voters, so I ask that you vote to kill HB88 in committee.
